### Order Changes:

Changes to colors, themes or counts may not be able to be accommodated if supplies have been purchased or made specific to your event. Additional fees can apply if necessary to be able to make any changes. This is solely at the discretion of SST. ## Dessert Bars

All dessert bars are an additional fee. The minimum purchase of treats for a bar setup is \$500. Pricing for setups are based upon the setup needed to display items, location, and time required to setup/break down bar.

Display items are based upon what is in the inventory of Sweet Smackin' Treats (SST), times for setup and breakdown, staff required, and distance. Any special requests for specific items will be for the customer to purchase. SST will not rely upon a customer to return display items. SST does not provide linen, floral arrangements, backdrops, plates, forks, or napkins for the dessert bar. Spoons are provided only for the dessert shooters.

If customer is using their own display items, those items will need to already be in place for the dessert setup. SST will not be responsible for moving tables to prepare for the display. All tables should be ready and draped prior to arrival. Please allow enough time for setup with the facility. A time range for delivery and breakdown will be provided in advance.
